

## Biomes Poem

### Biomes

Deserts are dry and  
dusty places,  
Hot all day, so water is  
scarce in these spaces.

The grassland is a prairie or pasture,  
There are few trees, and much grass for the  
horse and rancher.

The forest is full of different trees,  
It has distinct layers that let plants grow  
with ease.

The arctic is a cold and icy land,  
The ground is forever frozen and the  
landscape is bland.

Instructions: Cut out along the solid lines.
