

Name: \_\_\_\_\_

## Intensive Day 5

### Predicate Adjectives

1. A PREDICATE ADJECTIVE is joined to its subject with a \_\_\_\_\_ verb.
2. A predicate nominative RENAMES the subject. A PREDICATE ADJECTIVE \_\_\_\_\_ the subject.
3. Predicate adjectives describe a QUALITY of the subject. Predicate nominatives are nouns; predicate adjectives are...adjectives!

Candy (subject) is (linking verb) sweet (predicate adjective).

\*All predicates tell us something about the subject, but predicate nominatives and predicate adjectives COMPLETE the subject.\*
